EDUCATION

B.Tech in Computer Science & Business Systems, IET-DAVV, Indore

September 2024 - June 2028

CGPA: 8.1/10

VOLUNTEERING & LEADERSHIP

Active member, Events Vertical E-Cell IET-DAVV

December 2024 - Present

- Led event planning by coordinating cross-functional teams, managing timelines, and executing events through structured communication.

Former Member, Google Developers Group - On Campus at IET-DAVV

December 2024 – October 2025

- Former Events Management Member of Google Developers Group - On Campus at IET-DAVV.

TECHNICAL SKILLS

Programming Languages C++, Python

CS Fundamentals DBMS, DSA, OOPs, OS(Basics)

Tools & Technologies: Git & GitHub, VS Code

LEARNING EXPERIENCE

Deloitte Virtual Internship – Technology Job Simulation

December 2025

- Demonstrated problem-solving and collaboration by tackling structured, real-world business and technical challenges through guided simulations.
- Applied logical thinking and programming skills in Python for requirement evaluation and feature implementation, developing simulated feature logic that aligned with project
- Gained exposure to professional software development workflows, including version control and agile methodologies.

JP Morgan Chase Virtual Internship – Software Engineering Simulation

December 2025

- Completed simulated tasks involving data analysis, logic building, and system design, mirroring real-world software engineering challenges.
- Collaborated with peers to understand enterprise-level software systems and engineering practices.

Google Gen AI Academy 2.0

In Progress

- Learning fundamentals of Generative AI, prompt engineering, and AI-driven applications.
- Exploring real-world use cases of AI in modern software development, enhancing technical breadth and problem-solving skills.

CERTIFICATIONS

DBMS Course - Master the Fundamentals and Advanced Concepts,Scaler Topics

November 2025

Python & SQL for Data Science, Scaler Topics

November 2025
